

# Nathan Trotter

Trusted for Over 200 Years

January 1, 2016

Dear Customer of Nathan Trotter & Co., Inc.:

This letter is to inform you that a product or products you receive contains one or more chemicals subject to Section 313 of the Emergency Planning and Community Right-to-Know-Act (EPCRA). The enclosed Safety Data Sheet (SDS) lists each of the reportable chemicals contained in the product or products Nathan Trotter & Co., Inc. sends to you. If you have questions regarding our products or the reportable chemicals that our products may contain, please contact us.

EPCRA Section 313 requires certain industrial facilities to report to EPA annual emissions and other waste management practices for certain listed chemicals. If you repackage or otherwise redistribute a Nathan Trotter product to other customers, you may be obligated to send a similar notice to your customers. If you are uncertain whether you are subject to the reporting requirements of EPCRA Section 313 or need more information, contact EPA's EPCRA hotline at (800) 424-9346 or visit <http://www.epa.gov/tri>.

Please note that the enclosed SDS is also being provided to you pursuant to the Hazard Communication Standard (contained at 29 CFR 1910.1200) of the Occupational Safety and Health Administration (OSHA), which requires manufacturers to provide customers with SDS for certain products. The SDS contains information regarding risks associated with our products and the safe handling of those products. Please ensure that all persons handling our products have ready access to the information contained in the SDS.

Sincerely,

Tyler P. Morris  
General Counsel
